

# MEHMET (LEO) CELIK

Morganfield, Kentucky • leo@leocelik.com • leocelik.com • linkedin.com/in/leocelik

## SUMMARY

---

IT support technician in training, completing the Computer Service Technician program at Earle C. Clements Job Corps Center with CompTIA A+ in progress and Network+ and Security+ planned next. I use AI to break complex material down to first principles — for my own study, for weekly peer lectures I lead in my classroom, and for a pro se federal court filing completed at a fraction of quoted attorney cost.

## EDUCATION & TRAINING

---

### Earle C. Clements Job Corps Center — Morganfield, KY

Feb 2026 – Present

*Computer Service Technician (CST) Program*

- CompTIA A+ certification in progress; Network+ and Security+ planned (DoD 8570 track).
- Lead weekly peer lectures, breaking complex hardware and networking material down to first principles for classmates.
- Work-based learning component providing hands-on support experience beyond exam preparation.

### Gedik University — Istanbul, Türkiye

Aug 2024 – Jun 2025

*Biomedical Device Technology — first year completed (64 ECTS credits)*

## CERTIFICATIONS

---

### IC3 Digital Literacy Master Certification

May 2026

*Certiport / Pearson VUE — Credential ID wYFCU-2Fay — all three Global Standard Six exams*

### Microsoft Office Specialist: PowerPoint 2019 Associate

May 2026

*Microsoft / Certiport — Credential ID nqR-uTLs*

## PROJECTS

---

### Pro Se Federal Mandamus Petition

2026

- Researched, drafted, and e-filed a petition for writ of mandamus in U.S. District Court using AI-assisted legal research workflows.
- Completed for under \$100 total, against attorney quotes of \$5,000 — navigating federal procedure, IFP filing, and e-filing requirements independently.

### Personal Site & Email Infrastructure — leocelik.com

2026

- Built and deployed a personal site on GitHub / Cloudflare Pages; configured custom-domain email with MX, SPF, DKIM, and DMARC records.

## EXPERIENCE

---

### Gate Attendant — Southern Management Companies, Maryland

Jun 2025 – Sep 2025

- Seasonal front-desk, public-facing role: managed facility entry, enforced rules, and handled visitor questions with consistent reliability.

## SKILLS

---

Hardware troubleshooting • Windows • Networking fundamentals • Customer support • Microsoft Office • AI-assisted research and workflows • Technical instruction / peer teaching
